FRIDAY MORNING, APRIL 27, 1860.

To the Public.

The present writer holds the circulation in the hands, and more than triple that of any other paper, in Milwaukee for all classes of Advertising.

It is the desire of Max who establishes own interest, to communicate the name of THE DAILY SENTINEL, especially where he can act at the same price, and with the same facilities, as those which he has obtained by the advantage of circulation.

He is now, but acts with care.

— To Mail Subscribers, \$3.

THE FIGHTERS on the Printed Address indicate the time to which you have paid. For instance, 2d Ap. 61, means publication on the 2d of April, 1861. It will be well to examine these labels, as they will, if not made to pay, be good evidence of your having paid.

Several hundred daily mailers have been sent to the post office, and some of them paid, as may make in giving credit, and so forth, and so far as we are concerned, the post office is doing its duty.

News Digest.

The Charleston Convention, although it was in session four days, has, as yet, accomplished little or nothing, and present appearances indicate that the business of the convention will not be finished during the present week. Yesterday was spent in introducing resolutions and referring them to the Committee on Platform. This committee, after a protracted session, has been unable to agree upon a Platform upon which the leading factions can unite. The Southern members insist upon inserting a Dred Scott and Slave Code plank, which is resisted by Douglas' friends. Douglas has telegraphed his friends to accept the Cincinnati Platform with a Dred Scott plank inserted, and nothing more. A rupture is imminent, as five Southern delegations have resolved to withdraw from the Convention if a plank in favor of a Slave Code for the Territories is not adopted, and in that event, it is said, will nominate a separate ticket consisting of JEFFERSON DAVIS, of Mississippi, for President, and FERNANDO Wood, New York, for Vice President. This will be an exciting day in the Convention, as final action will probably be taken in regard to the platform.

The Maryland Republican State Convention met at Baltimore yesterday, to elect delegates to Chicago, but had hardly commenced proceedings before they were set upon by a gang of rowdies, and the meeting dispersed. This is just what might have been expected from that notorious band of ruffians and ruffians.

The Republicans of New Hampshire have elected E. H. ROLLINS, of Concord, AARON H. CHASE, of Lebanon, Wm. Hale, of Keene, and ANGUS TUCK, of Exeter, delegates to large to the Chicago Convention.

A destructive fire at Gardner, Me., yesterday, destroyed property valued at \$70,000.

THE CHARLESTON CONVENTION.

EXECUTING TIMES!

Four days have elapsed since the Charleston Convention met, and nothing has yet been accomplished. The question of "the Platform," overriding that of the candidate, has all process. No agreement has yet been had, and when the Convention adjourned last night, there was no prospect of any.

This "National Convention" is rapidly becoming sectional. The South is rampant, and the North begins to yield. Mr. DOUGLAS has telegraphed that, for the sake of the nomination, he is willing to swallow the Dred Scott plank; but begs to be excused from asking any more of the same sort.

The "Fire-Eater" clamor for extreme measures, and threaten to bolt if their demands are not satisfied. Today promises to be a most exciting one at Charleston.

Which of the Three to Choose.

The telegraph reports that the Platform committee of the Charleston Convention is split into three different fragments, each insisting on its own particular prescription; and that the DOUGLASS men are willing to take whichever of the three will secure their favorite's nomination. We doubt it.

Mr. DOUGLASS, after his repeated declarations, afford to take a nomination on an extreme Southern platform; or, if he does his best, is certain.

The South students intend to dictate terms, if they can.

The only question is, whether there are Douglassites enough, among the Northern Delegates, to give the South full swing.

The Administration Platform.

In the Charleston Convention, yesterday, the "Platform" being the subject under consideration, the following incident transpired:

On the side being proposed, Captain H. B. IRVING, proposed to include Non-slavery in the articles to be protected.

Capt. IRVING is the U. S. Marshal for the Southern District of New York, and the General J. B. is known to be partial to "old Rye." Hence the above proposition.

It is rumored that the DOUGLASS men, with a view to conciliate Kentucky, will move to include "Bourbon," in the articles to be protected.

The Catholic Priests of Cincinnati have been refusing absolution to servant girls living in Jewish families. After some entreaties the rite was performed, but under condition that they should leave the families. The Rabbi of a synagogue there considers this act as an insult to American institutions and in a letter to the Archbishop of Cincinnati says if it is repeated, a decree will be issued by the Hebrew merchants of that city for the purpose of discharging at once all the thousands of Catholic workmen at present engaged in their mercantile houses.

From the New Haven.—By a copy of the New Haven Register, of March 28th, we learn that the first political contest in the colony has commenced. By a vote of 7 to 4 the Council has resolved not to permit the reporters of the Nor' Wester to report its proceedings.

The Nor' Wester protests against this breach of British practice, and a meeting of the inhabitants has condemned it unanimously.

The Council is a nominated body, and the people have no control over it, though it spends their money. The Roman Catholic Bishop voted for the reporters being admitted; the Protestant Bishop against.

THE TREMPEALEAU REPRESENTATIVE says that the steamer "Astura," on her up trip on last Tuesday, struck a large catfish while opposite Homer. When brought ashore, the monster was found to weigh one hundred and fifty pounds! A representation, fish, sure enough.

Good News from JUNEAU COUNTY.—The Marion Star says a heavy rain has fallen in that vicinity, and the farmers look perfectly satisfied; that the Spring water is all done, and the crops look well.

THE SENTINEL.

DAILY, TWEEKLY & WEEKLY

RUFUS KING, EDITOR.

FRIDAY MORNING, APRIL 27, 1860.

A Double-Teased Organ.

The *News*, pursuing its congenial task of maligning and mis-representing Mr. POTTER, does two articles, in its issue of yesterday, to that gentleman, each palpably false and characteristically mean. The first is based upon the paragraph in the *SENTINEL*, mentioning the well-known fact that Mr. POTTER purposely avoided the demonstration which his legion of friends at Racine designed to make in his honor, and proceeded quietly to his home. Hereupon the *News*, with a clumsy attempt at sarcasm, says:

"He never will conduct himself so well, and had any evidence to give, he would do it."

Mr. POTTER took the right course.

He has done his duty, and deserves a reward.

Mr. POTTER and his party, however,

are to be congratulated.

Mr. POTTER's conduct is laudable, and deserves a plaudite.

The *News* must be either blind, or hopelessly stupid, if it has not, as this, discovered that not only the entire body of the Republicans of Wisconsin, but a large proportion of the Democrats, enthusiastically endorse the conduct of Mr. POTTER throughout the recent difficulty; and beyond their "scorn and contempt" upon the speaking party who have kept barking at his hounds ever since he demonstrated to the fire-eaters and their Doughface siders and abolitionists that he was prepared to vindicate the right of Free Speech, at any and every personal hazard.

In its second article the *News* copies a statement from the *Telegraph*, that Mr. POTTER is a quiet soul, unassuming in his course and demeanor, that "several of the Republicans in our city did not know him by sight, until his affair with PARSON made him notorious." and adds this unmeaning comment:

"He has been four years in Congress, and several members of that body, and Republican members at that, have not known him by sight."

There is a picture record for his constituents. What a poor constituency that must feel of their member, who has been four years in Congress, and is not even known by sight!

Mr. POTTER's constituency do proud of their member, and are entirely satisfied with his "glorious record!" They have abundant evidence that, in keeping the rights, the interests and the honor of the North will be maintained in every extremity and against Democratic, or Doughface assailants. If "several R-publ. members" have not known him by sight, we warrant that every member of the House and every man in Washington knows him now, and will not soon forget him.

Finally, the *News* remarks that Mr. POTTER "will return to Washington in the same supine manner, with his claim to re-nomination and defeatfully substantiated."

The *News* and the *rest* will have a good time in accomplishing that "defeat!" If they will only put up against Mr. POTTER some one of the gang who conspired with PARSON to disgrace him and through him, the people of Wisconsin, they may safely promise themselves the worst灾害 that ever doomsday or demagogues received.

Connecticut.

It was supposed from the

close ness of the vote, and the fact that some of the Republican candidates ran behind Gov. BIRCHMORE in the cities, might have chosen one or two of the Democratic State candidates; but the Republicans all elected—*as follows*:

Rep. 44th, Democratic, Mr. BIRCHMORE, 49,017.

2d, Wm. H. STONE, 44,460.

2d, Wm. H. STONE, 44,460.</
